A Chicago Alderman Owes His Election To Chamberlain's Cough Remedy

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by Lynce Bros., Crab Orchard.

The town of Warsaw may be called the milk producers' Eden, although the milk consumers' Eden, it certainly is not. There is probably nowhere such a "milk town" as this. Restaurants are but little frequented. On the other hand, the public frequent the various dairies in great numbers in order to chat with friends or read the newspapers, to the accompaniment of a black or white coffee or a glass of cold or warm milk. To close a bargain or to talk business, the milk saloon is resorted to; chess and billiards are likewise to be played in these recognized places of public resort. But, in spite of this enormous consumption of milk, the supply is of the most wretched; in fact, it is indescribably bad.

—It generally happens that the people who are most willing to lend haven't got it to lend.
